

PERTH & KINROSS COUNCIL

Perth Transport Futures Project

Phase 1 – A9/A85 Junction Improvement and Link Road to Bertha Park

PUBLIC NOTICE

Footpath closure (Between Pullar Terrace and Perth Crematorium)

Balfour Beatty and Perth and Kinross Council are committed to providing advance notice of likely disruption to the travelling public, residents and local businesses during construction of the A9/A85 Junction Improvement and Link Road to Bertha Park scheme.

The works associated with the construction of SUDS pond adjacent to your properties is now in its final phase. To build the permanent footpath going round the pond to rights of way toward the crematorium we require to close the temporary footpath what was installed along the works boundary fence. Please find attached the diversion route for pedestrians wanting to walk to the crematorium / bertha park link road. These diversion signs will also be located along the route for public awareness.

Perth and Kinross Council and Balfour Beatty would like to express their thanks to the travelling public for their patience during the last few months, and apologise for any inconvenience caused.

For regular updates and information please visit the project website www.perthtransportfutures.co.uk or follow Twitter @PTFutures1
